The Annual Filing Document Search website is intended as an informational tool only and is being made available as a public service. Please note that recently filed reports, as well as reports filed more than four years ago, may not be in the database. If a report does not appear in the database, it does not necessarily mean the public charity is delinquent or has failed to file the report. Questions regarding the availability of a report or the status of a public charity should be directed to the AGO Non-Profit Organizations/Public Charities Division via email at charities@state.ma.us, or by phone (617) 727-2200, ext. 2101.
